Speaking of DVD sets, check the horizon for the Lain, Trigun, AND Cowboy Bebop DVD Boxsets next month! And make sure not to miss the new *Ultimate Fan Guides* for both Lain and Trigun!

## ANIMANIAC'S PICK(S) OF THE MONTH

The world is going to become much, much stranger as Boogiepop Phantom reaches out to DVD fans this month. A psycho-thriller whose character stylization is often compared to Serial Experiments Lain (and has much the same following), each episode focuses on the perspective of a single character and the impact of a series of grisly murders that occurred 5 years earlier. With clues alluded to in each episode, it's up to the observer to piece together the truth. Who is Boogiepop Phantom and what is her real purpose?
